

On The Rhoads

Merry Christmas! 2011

Thanksgiving dinner in Central Asia!

Seeing God Work

In our last letter we told you about the Telemensahe mobile evangelism system (people call in to hear daily devotions, the Gospel, and to talk about God). We did the first installation in Paris, (for work in Northern Africa), then it was time to move on to Central Asia, where neither the server nor the phone-line had yet been delivered!

It took an entire day and night to get there from Paris, but we all made it, along with a piece of equipment with no problems. And the trip also went very well from a spiritual perspective.

A guy I'll call Perry, ended up in line right behind me. We got chatting and he told me he is a US Army guy and was on his way back to Afghanistan after being on home-leave due to the death of his father-in-law. Then I got on the plane, walked to about isle 3 and saw Perry sitting a few isles up. I counted. And sure enough, he was sitting in isle 8, right next to me.

We talked on and off through the almost 6-hour flight. He told me that not only had this family just lost a parent, but he and his wife had lost a baby just 8 months ago. And now he was on his way back to Afghanistan. I've already sent a book, along with a Bible, to him. And we've been emailing. So, please pray for my relationship with him and that he and his whole family will come to Christ!

Well, the server arrived the day after we got in. And it turned out to be a God thing the phone line hadn't been installed. We discovered some other options that are cheaper and more reliable. System number two is fully functional in Central Asia! PTL! Thank you for your partnership that made this possible. **Merry Christmas!**

For Prayer

- *Perry comes to Christ and that I will be sensitive to the Spirit.*
- *For our friends in Paris and Central Asia as they take on the Telemensahe mobile ministry. They need safety and to produce much fruit.*
- *Pray that the churches of Northern Africa (where the French team actually works) and Central Asia will overflow with God's children, adopted through the Telemensahe ministry.*
- *Pray for and invest toward 100% financial support by 2nd qtr. 2012 (\$1,500 SHORT).*

"We really need something new!"

-Central Asia Worker
